

# MEDICAL EDUCATION

## SPEAKERS NETWORK

ESTD **96** DATE

In today's climate, you may be interested in learning more about alternative options for providing CME to your audience.

We have compiled a list of some audio and video livestreaming platforms, consultants and other tools that you can explore, with various options to suit your specific needs.

Most of our speakers are familiar with these types of platforms and can be flexible in accommodating the needs of your institution to continue providing CME for your attendees. (Updated 4/13/20)
